Reserved Hotel for Idaho Solid Waste Association:  
Teton Springs Lodge & Spa and South Fork Lodge

Reference Block # 973184

10 Warm Creek Ln., Victor, ID 83455

There are 30 rooms on hold at this rate until conference date Sept. 11, 2017:

Deluxe Lodge Room: \$199

1 Bedroom Luxury Suite: \$249

2 Bedroom Luxury Suite: \$459

For the 1BRs, each guest would still have private sleeping rooms and a private full bath and have a beautiful living room with fireplace, full kitchen with dining area to share. With two people per room, it would bring the cost down to only \$124.50 per person per night. If you place 3 guests in a 2BR suite, then they still each get their own private sleeping rooms and 3 full private baths and it comes to \$153 per person per night.

Due to our being a destination location, guests typically book their lodging well in advance, plus given the fact that you are booking late into the booking season, an attrition clause was not considered (which is what he is referring to when he says a target percentage). Instead, we are simply asking that rooms be converted by August 11, and you will still receive a full refund less only a \$25 per room fee for any room that does not convert. This way both the client and the lodge are minimizing risks.

Other options for lodging:

Victor

Moose Creek is located at the base of Teton Pass and is five minutes from Teton Springs. Off the grid a bit, but a nice little spot for a true mountain stay.

Dornans — lunch Tuesday, September 12

For about 40 people (or more), group lunch at Dornan's is priced at \$17 a head not including tax or gratuity. I have this place on reserve. Let me know if this price will work. I chose this location because it can accommodate a large group of people easily and comfortably, it's located next to Grand Teton National Park which will be the afternoon desiccation for Tuesday tour heading from Jackson Transfer and Recycling Center — our morning tour.

This is the web site and the group may chose from is under "Lunch."
